

My only  
mistake was, they  
used 3 staples--

I should have  
asked for the gun!  
(They must have, ~~100~~  
about thirty in there)

...and, like,  
looking at an ear  
too long is like  
looking at a  
word too long

but it's an  
ear, so it's  
worse.
